

"Cosmos is a Greek word for the order of the universe.
It is, in a way, the opposite of Chaos.
It implies the deep interconnectedness of all things.
It conveys awe for the intricate and subtle way
in which the universe is put together."

- Carl Sagan
Discover Your Aura

A new Spokane Valley Heritage Museum exhibit includes a Smithsonian Exhibit whose thought-provoking images, captured by high-tech satellites constantly circling the globe, invite contemplation of conditions and events that are nearly impossible to document on the planet's surface. This exhibit also immerses you within our historical fascination with space: "Are we alone?" Fly alongside NASA satellites in 3D. See video from the Mars Rover "Curiosity" & images from the Hubble Telescope and more engaging and educational images of Space.

Wed-Sat 11 AM to 4 PM

Group tours welcome - please call 922-4570 to schedule.
